

Welcome to Sunndal !

As mayor of Sunndal it is a great honour for me to welcome you to our community!

Every year between 200 and 300 people move to Sunndal, and whether you are new to our municipality or have lived here before, I wish you to settle in well and stay with us.

Our goal is for Sunndal to be a great place for people to grow up and live. Our council staff will do their utmost to make sure you have the services you need, be it kindergarten, school, planning permission, health services, caretaking or cultural activities.

A variety of organisations provide a range of pastime activities all over Sunndal and I would recommend anyone moving here to check out what's on offer and join an activity that will introduce you to the people and community you've just joined. A complete list of organisations can be found on our website and is included in the welcoming package.

Welcome package

We wish to facilitate well for our newcomers and one of the ways we do that is by offering you the welcome package, which we hope will familiarise you somewhat with the opportunities here. This package can be received by contacting the service office at town hall or the public library in Sunndalsøra.

Get in touch!

If you have any enquiries, do get in touch with the service office at Sunndal rådhus. The service office can be reached by phone number 71 69 90 00 or email to post@sunndal.kommune.no, and is open to the public Monday to Friday 09.00 – 16.00 (15.00 from May to August).

You will find more information about our community and services at our official website www.sunndal.kommune.no

And feel free to follow us on facebook: www.facebook.com/sunndalkommune.

More information about Sunndal and what goes on here, can be found at www.sunndal.com

And again: Welcome as our new citizen! I hope you will thrive here and help us make your Sunndal a great place to live!

Best regards

Ståle Refstie
mayor
